American Foreign Policy: Theoretical Essays By G. John Ikenberry, Peter Trubowitz

Featuring thirty classic and contemporary selections, *American Foreign Policy: Theoretical Essays*, Seventh Edition, offers students an overview of the forces that shape and influence U.S. foreign policy. Edited by two top scholars, this acclaimed anthology showcases the wide range of theoretical perspectives used to analyze U.S. foreign policy and guides students in comparing, evaluating, and applying these theories. The essays highlight the debates and controversies that animate the field and the challenges posed by making foreign policy in the American political, economic, and cultural context. The seventh edition adds fourteen new articles, sharpening the book's contemporary focus.

Editorial Review

Review

"I certainly would adopt *American Foreign Policy* for my course again. It is the best text that I have found for the interdisciplinary audience, and for linking some of the theoretical work I present in class to the policy discussions. The new additions seem to only enhance the quality of the book."--Navin Bapat, *The University of North Carolina at Chapel Hill*

"Yes, I would absolutely adopt this text and recommend it to colleagues. It is ideal for a course structured around different levels of analysis in accounting for foreign policy decision-making. In its combination of theoretical diversity and attention to important historical case studies, it is head and shoulders above the competition."--Kyle Lascurettes, *The George Washington University*

"Ikenberry and Trubowitz have assembled a first-rate set of essays that are sure to help students understand how the United States interacts with the world around it. *American Foreign Policy* presents a wide array of perspectives and covers many of the important issues that concern policymakers in Washington. It is an ideal teaching device."--John J. Mearsheimer, *University of Chicago*
