Editorial Review

Review

"...makes good use of accessible non-technical language throughout." (Business Network, August 2008)

From the Back Cover

You've got the power, now get the shot.

Taking pictures, says author Michael Guncheon, should be a little bit of magic and a whole lot of fun. Grab this book and your Canon PowerShot and go make it happen! Work through the Quick Tour to get familiar with your camera's settings, menus, and operation, then delve into the details that turn snapshots into great photographs. Get tips and advice for taking super shots in dozens of situations, then learn the best ways to download, edit, and print your pictures — and enjoy it all.

- Learn your way around your G, S, TX, A, or SD-series camera
- Understand how and when to use manual settings for greater control
- Discover how to tell a story with your photos
- Capture great shots of children and pets, architecture, sunsets, night scenes, products, and more
- Explore your Canon PowerShot's video capability

About the Author

Michael Guncheon is a contributing editor for PCPhoto magazine and author of its venerable and very popular HelpLine column. He is also a columnist and technical editor for HDVideoPro magazine. His photographs have appeared in numerous publications.

Users Review

From reader reviews:

Michelle Huffman:

Do you have favorite book? When you have, what is your favorite's book? Reserve is very important thing for us to learn everything in the world. Each publication has different aim or perhaps goal; it means that reserve has different type. Some people feel enjoy to spend their time to read a book. They can be reading whatever they have because their hobby will be reading a book. How about the person who don't like studying a book? Sometime, person feel need book once they found difficult problem or even exercise. Well, probably you should have this Canon PowerShot Digital Field Guide.

Ann Gonzalez:

As people who live in the actual modest era should be update about what going on or information even knowledge to make all of them keep up with the era which is always change and move ahead. Some of you maybe will update themselves by looking at books. It is a good choice for yourself but the problems coming

to you actually is you don't know which you should start with. This Canon PowerShot Digital Field Guide is our recommendation to cause you to keep up with the world. Why, because book serves what you want and wish in this era.

Ruth Coleman:

Are you kind of stressful person, only have 10 or 15 minute in your morning to upgrading your mind skill or thinking skill perhaps analytical thinking? Then you are having problem with the book when compared with can satisfy your short time to read it because all this time you only find guide that need more time to be learn. Canon PowerShot Digital Field Guide can be your answer as it can be read by you actually who have those short extra time problems.

Phyllis Walters:

Beside this Canon PowerShot Digital Field Guide in your phone, it could possibly give you a way to get nearer to the new knowledge or facts. The information and the knowledge you might got here is fresh from oven so don't be worry if you feel like an previous people live in narrow small town. It is good thing to have Canon PowerShot Digital Field Guide because this book offers to you personally readable information. Do you at times have book but you would not get what it's all about. Oh come on, that wil happen if you have this with your hand. The Enjoyable arrangement here cannot be questionable, such as treasuring beautiful island. Techniques you still want to miss that? Find this book along with read it from at this point!
