## **Editorial Review**

From School Library Journal

Grade 2-6 This how-to book covers an art form that is found rarely in other craft books. The pop-ups described and illustrated range from very simple cards to the complex making of a pop-up book. The directions are concise and easy to follow, while the well-done black-and-white illustrations enhance the instructions by showing exactly how each pop-up fits together. The instructions repeat important tips as the pop-ups get more difficult. This will allow readers to make any of the pop-ups without having to refer to previous pop-ups for instructions. The introduction gives a brief history of the origin of pop-ups. A minimum of materials are needed, and a complete materials list is given with tips that will help beginners. Symbols, definitions, tips for folding, scoring, cutting, and measuring are included at the beginning of the book before instructions for any of the pop-ups. By following the instructions in this book, readers should be successful at making their own pop-ups. An excellent addition to the crafts section. Sue E. Hamilton, Jackson County Library, Medford, Oreg.

## **Users Review**

**From reader reviews:**

**Gena Colgan:**

Book is to be different for every grade. Book for children until finally adult are different content. We all know that that book is very important for us. The book How to Make Pop-Ups has been making you to know about other knowledge and of course you can take more information. It is quite advantages for you. The book How to Make Pop-Ups is not only giving you considerably more new information but also to get your friend when you experience bored. You can spend your own spend time to read your guide. Try to make relationship with all the book How to Make Pop-Ups. You never sense lose out for everything in case you read some books.

**Katherine Herron:**

Playing with family in a park, coming to see the sea world or hanging out with good friends is thing that usually you may have done when you have spare time, after that why you don't try point that really opposite from that. Just one activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love How to Make Pop-Ups, you are able to enjoy both. It is very good combination right, you still need to miss it? What kind of hang type is it? Oh come on its mind hangout guys. What? Still don't have it, oh come on its identified as reading friends.

**Agatha Roughton:**

Are you kind of busy person, only have 10 or perhaps 15 minute in your time to upgrading your mind ability or thinking skill perhaps analytical thinking? Then you have problem with the book as compared to can satisfy your short time to read it because all this time you only find book that need more time to be learn.

How to Make Pop-Ups can be your answer mainly because it can be read by you actually who have those short spare time problems.

**Teresa Thomas:**

Reading a publication make you to get more knowledge from that. You can take knowledge and information from the book. Book is prepared or printed or descriptive from each source this filled update of news. In this modern era like at this point, many ways to get information are available for you. From media social such as newspaper, magazines, science publication, encyclopedia, reference book, novel and comic. You can add your knowledge by that book. Are you hip to spend your spare time to spread out your book? Or just in search of the How to Make Pop-Ups when you desired it?
