Polar Shift (The NUMA Files) By Clive Cussler, Paul Kemprecos

NUMA operative Kurt Austin takes on a madman fronting as an environmentalist in this #1 *New York Times*-bestselling series.

Sixty years ago, an eccentric Hungarian genius discovered how to artificially trigger such a shift in the polar ice caps, which could cause massive eruptions, earthquakes, and even climate changes. But then his work disappeared, or so it was thought. Now, the charismatic leader of an antiglobalization group plans to use it to give the world's industrialized nations a small jolt, before reversing the shift back again. The only problem is, it cannot *be* reversed. Once it starts, there is nothing anyone can do.

Austin, Zavala, and the rest of the NUMA Special Assignments Team must make strange alliances to protect this technology from being exploited by their new and power-hungry nemesis before the entire planet is made to pay.

Rich with all the hair-raising action and endless imagination that have become Cussler's hallmarks, *Polar Shift* is a wonderful thriller—indeed, “vintage Cussler.”

Editorial Review

From [Booklist](#)

This is Cussler's and Kemprecos' sixth novel starring Kurt Austin and his NUMA Files National Underwater and Marine Agency (NUMA) Files Special Assignments Team. This one concerns a polar shift, a phenomenon that can trigger huge eruptions, earthquakes, and climate changes. Sixty years ago, a Hungarian scientist discovered how to artificially set off such a shift, and now an antiglobalization group plans to strike the world's industrialized countries. The water in the world's oceans and lakes will be jerked in a different direction, pounding the coastline, causing massive floods. All electrical devices will fail, and there will be hurricanes and tornadoes of unheard-of force. Radiation sickness from solar rays penetrating the earth's magnetic field will kill millions. The earth's crust will break open, causing volcanic eruptions and lava flows. But fear not; Austin and his cohorts are coming to the rescue. The plot is inconceivable, but Cussler's loyal fans won't care. *George Cohen*
