The Revolution: A Manifesto By Ron Paul

Available in paperback for the first time.

This Much Is True: You Have Been Lied To.

- The government is expanding.
- Taxes are increasing.
- More senseless wars are being planned.
- Inflation is ballooning.
- Our basic freedoms are disappearing.

The Founding Fathers didn't want any of this. In fact, they said so quite clearly in the Constitution of the United States of America. Unfortunately, that beautiful, ingenious, and revolutionary document is being ignored more and more in Washington. If we are to enjoy peace, freedom, and prosperity once again, we absolutely must return to the principles upon which America was founded. But finally, there is hope . . .

In **THE REVOLUTION**, Texas congressman and presidential candidate Ron Paul has exposed the core truths behind everything threatening America, from the *real* reasons behind the collapse of the dollar and the looming financial crisis, to terrorism and the loss of our precious civil liberties. In this book, Ron Paul provides answers to questions that few even dare to ask.

Despite a media blackout, this septuagenarian physician-turned-congressman sparked a movement that has attracted a legion of young, dedicated, enthusiastic supporters . . . a phenomenon that has amazed veteran political observers and made more than one political rival envious. Candidates across America are already running as "Ron Paul Republicans."

"Dr. Paul cured my apathy," says a popular campaign sign. **THE REVOLUTION**

may cure yours as well.

Editorial Review

From Publishers Weekly

The U.S. is cartwheeling into a self-destructive catastrophic calamity, and despite what everyone else says about how to solve it, Paul believes he knows the real truth that can save us. The one-time presidential hopeful's goal, to drastically reduce government and thus give us the true sense of freedom that the Constitution's framers meant, is oversimplified in a country of more than 300 million residents. Certainly, his critique of current politics is sound and well felt, but the plans of this Republican pol, who praises Robert Taft in every other sentence, are anything but revolutionary. Bob Craig provides a deliberate and elderly tone that can be emphatic without being overbearing, which matches well with the text and Paul himself. However, the production contains a surprising amount of background noise that reveals sloppy work on the sound editor's behalf. A Grand Central hardcover.

Review

"The real truth about Liberty. This book takes a wrecking ball to the political establishment. Senator Goldwater would have loved it -- it's *The Conscience of a Conservative* for the 21st century." **Barry M. Goldwater, Jr., former member of Congress**

About the Author

Ron Paul, an eleven-term congressman from Texas, is the leading advocate of freedom in our nation's capital. He has devoted his political career to the defense of individual liberty, sound money, and a non-interventionist foreign policy. Judge Andrew Napolitano calls him "the Thomas Jefferson of our day."

After serving as a flight surgeon in the U.S. Air Force in the 1960s, Dr. Paul moved to Texas to begin a civilian medical practice, delivering over four thousand babies in his career as an obstetrician. He served in Congress from 1976 to 1984, and again from 1996 to the present. He and Carol Paul, his wife of fifty-one years, have five children, eighteen grandchildren, and one great-grandchild.

Ron Paul, the *New York Post* once wrote, is a politician who "cannot be bought by special interests."

Users Review

From reader reviews:

Anne Stewart:

Why don't make it to be your habit? Right now, try to prepare your time to do the important take action, like looking for your favorite publication and reading a guide. Beside you can solve your long lasting problem; you can add your knowledge by the publication entitled *The Revolution: A Manifesto*. Try to make the book *The Revolution: A Manifesto* as your pal.
