The Royals By Kitty Kelley

FROM THE WORLD'S BESTSELLING INVESTIGATIVE BIOGRAPHER

Fans of Netflix's *The Crown* will love this controversial portrait of the British royal family as told from behind palace walls...

They are the most chronicled family on the face of the globe. Their every move attracts headlines. Now Kitty Kelley has gone behind palace walls to raise the curtain on the men and women who make up the British royal family. Here are the scandals of the last decades: the doomed marriages and the husbands, wives, lovers and children caught in their wake and damaged beyond repair. No one is spared.

Editorial Review

Amazon.com Review

The audiocassette version of Kitty Kelley's *The Royals* is abridged, which means you just get the good stuff. Kelley herself reads, purring cattily along, narrating the downstairs gossip about the upstairs Windsors. Here's Queen Elizabeth insisting her 17 Welsh corgis appear on a TV special, and Prince Charles snatching one last rendezvous with Camilla Parker-Bowles on the eve of his marriage to Diana Spencer. The dish is delish, but after listening too long, it gets harder to sneer along with Kitty as the Royal Family takes on more tragic dimensions. The greatest crime a Windsor can commit is not infidelity, drunkenness, or unusual sexual practices. No, the worst sin is going before the public, as both Diana and Charles did in the aftermath of their stormy marriage, and telling people about it. For the Windsors, it seems, anything goes. Anything that is, but indiscretion.

From Library Journal

Gossipmonger Kelly narrates her latest unauthorized biography, this time targeting Britain's royal family. She has included some interesting factual information about the royals, describing the early-20th-century history of the family and its ties to Germany. But the biography is a mix of fact and tawdry, unsubstantiated innuendo (Phillip may be bisexual, one son may not be his, etc.). Wherever possible, Kelley's inflections as narrator make events seem naughtier still. There are two obvious flaws: not once are sources cited clearly, and most of the slurs are based on what someone says without scrutiny of motives. Of the family, the Queen comes out of the fray best, and Charles definitely gets the worst of it. Throughout, schlock rules over scholarship. Not recommended. Mark Pumphrey, Polk Cty. P.L., Columbus, N.C.

From [The New Yorker](#)

The Royals is popular biography written by someone who hasn't met any of the main characters she describes, yet acts as if Charles lent her his private diary and the Queen beckoned her over to pick up the phone extension. In narrative terms, it is a work of tremendous brazenness: the less you know and were there, the more authoritative and jaunty your tone.

Users Review

From reader reviews:

Daniele Chambers:

Information is provisions for anyone to get better life, information currently can get by anyone on everywhere. The information can be a know-how or any news even a huge concern. What people must be consider if those information which is from the former life are challenging be find than now is taking seriously which one is acceptable to believe or which one the resource are convinced. If you find the unstable resource then you understand it as your main information you will see huge disadvantage for you. All those possibilities will not happen inside you if you take *The Royals* as the daily resource information.
