From the Back Cover

In the year 2051, Faith can move Mountains. . . .

Faith Daniels and Dylan Gilmore have a special ability called a pulse: they can move things with their minds. They're caught in the middle of a deadly war with two other pulses: Clara and Wade Quinn, who have joined forces with Hotspur Chance, the most wanted man in the world.

At the start of *Quake*, Faith and Dylan are holed up in a spectacular abandoned mountain lodge with their Intel friend Hawk and the remaining drifters, including a new love interest for Hawk. Then one night, Hawk vanishes. His plan is to penetrate the Western State and find answers on the inside while Faith and Dylan continue to fight on the outside. In a series of hair-raising battles, they discover an even greater strength: the power of their combined love. Together, Faith and Dylan might just be able to save the world with a quake that is big enough to change the course of history.

Patrick Carman's third volume in the Pulse trilogy is the climactic finale to this epic dystopian story of love and revenge.
