The Right-Brain God (The Divine Series Book 2) By Michael Faust

One of the great secrets of human existence is that everyone has an in-built kit for communicating with their soul. The problem for most people is that they don't know what the protocol is. In times of crisis, great stress or exceptional circumstances, they can inadvertently stumble on the right protocol for a few moments and enjoy the astonishing experience of encountering their soul. These are "epiphanies" and often they become the centerpiece of people's lives.

So will you be one of the rare few who can enjoy the infinite good fortune of being able to make full soul contact, the greatest experience of all?

Where is the soul? The first place to look for it is in fact inside our head. There is very good evidence that the right hemisphere of our brain is our link to the soul dimension, and to God himself.
