The Routledge Companion to Public-Private Partnerships (Routledge Companions in Business, Management and Accounting) From Brand: Routledge

A public-private partnership (PPP) is a contractual arrangement with appropriate risk sharing between public and private partners for the delivery of public infrastructure or services, which is intended to create value-for-money to the taxpayer. *The Routledge Companion to Public-Private Partnerships* provides a cutting-edge survey of the field.

PPPs remain a highly controversial subject matter globally and this comprehensive and authoritative volume provides a terrific compendium of information for students and scholars charged with understanding, critiquing and advancing this model. With sections devoted to legal aspects, institutional economics perspectives, finance and accountability - the editors draw together an impressive range of contributors from around the world.

Editorial Review

Review

'An excellent informative and comprehensive resource for academics involved in researching the many public law, finance, accounting, governance and management aspects of global Public-Private Partnerships.'

Anne Stafford, Manchester Business School, UK

'The Routledge Companion to Public-Private Partnerships is a superb multi-disciplinary point of reference on the phenomenon of public private partnerships by providing a reflective, authoritative and comprehensive exposition of legal, management and economic aspects of public-private partnerships as an instrument of public sector management and by offering a most valuable contribution to the understanding of current and future regulatory developments. '

Professor Christopher H. Bovis, University of Hull, UK

About the Author

Piet de Vries is Assistant Professor of Accounting and Finance at The University of Twente, the Netherlands

Etienne B. Yehoue is a Senior Financial Economist with the International Monetary Fund, USA

Users Review
