Psychodynamic Psychotherapy for Personality Disorders: A Clinical Handbook By John F. Clarkin, Peter Fonagy, Glen O. Gabbard

This well-documented and articulate manual gathers in one place the psychodynamic psychotherapy thinking and research on each of the Axis II personality disorders. Psychodynamic Psychotherapy for Personality Disorders: A Clinical Handbook includes the work of 22 contributing writers in addition to the three primary authors, John F. Clarkin, Ph.D., Peter Fonagy, Ph.D., and Glen O. Gabbard, M.D. Each contributor has extensive clinical experience, and some also have research experience, with the assessment and treatment of specific personality disorders. The focus of the book is the psychodynamic conceptualization, assessment, and treatment of the personality disorders as currently described in the Diagnostic and Statistical Manual of Mental Disorders. The 16 chapters are divided into sections that address the definition of personality pathology, approaches to treatment, and research for future directions. The authors conclude that to the surprise of many new research and reviews indicate that psychodynamic treatments are effective for personality disorders, and their impact is as great as that of cognitive-behavioral treatments.

Editorial Review

Users Review

From reader reviews:

James Flynn:

What do you think of book? It is just for students because they're still students or this for all people in the world, the actual best subject for that? Just simply you can be answered for that query above. Every person has several personality and hobby per other. Don't to be pushed someone or something that they don't want do that. You must know how great along with important the book Psychodynamic Psychotherapy for Personality Disorders: A Clinical Handbook. All type of book are you able to see on many methods. You can look for the internet options or other social media.

Jane Hanscom:

Exactly why? Because this Psychodynamic Psychotherapy for Personality Disorders: A Clinical Handbook is an unordinary book that the inside of the book waiting for you to snap it but latter it will distress you with the secret this inside. Reading this book close to it was fantastic author who all write the book in such wonderful way makes the content interior easier to understand, entertaining way but still convey the meaning totally. So , it is good for you for not hesitating having this any longer or you going to regret it. This phenomenal book will give you a lot of positive aspects than the other book have such as help improving your proficiency and your critical thinking approach. So , still want to hold off having that book? If I had been you I will go to the reserve store hurriedly.

Mary Moore:

Playing with family inside a park, coming to see the coastal world or hanging out with buddies is thing that usually you might have done when you have spare time, subsequently why you don't try matter that really opposite from that. One activity that make you not sense tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Psychodynamic Psychotherapy for Personality Disorders: A Clinical Handbook, you may enjoy both. It is fine combination right, you still would like to miss it? What kind of hang-out type is it? Oh come on its mind hangout people. What? Still don't obtain it, oh come on its named reading friends.

Tara Payton:

Would you one of the book lovers? If yes, do you ever feeling doubt when you find yourself in the book store? Make an effort to pick one book that you find out the inside because don't evaluate book by its cover may doesn't work the following is difficult job because you are frightened that the inside maybe not because

fantastic as in the outside look likes. Maybe you answer might be Psychodynamic Psychotherapy for Personality Disorders: A Clinical Handbook why because the wonderful cover that make you consider in regards to the content will not disappoint you actually. The inside or content is fantastic as the outside or cover. Your reading sixth sense will directly assist you to pick up this book.
