Editorial Review

From Publishers Weekly

Atkinson (*The Long Gray Line*) here writes an engrossing account of the actions and utterances of those who directed and fought in the Persian Gulf War. He also provides a thorough analysis of diplomatic and political aspects of the conflict. Rich in pertinent details, the powerful narrative leaps nimbly from Washington to Riyadh, from Baghdad to Kuwait City, and to various battle sites across the sands. Expectedly, the book's dominant personality is General H. Norman Schwarzkopf, whose operatic rages are here shown to be an integral element of his command style. Atkinson defends the much-maligned VII Corps commander, Gen. Fred Franks, against Schwarzkopf's "unfair and unwarranted" criticism. The basic tactical decisions are all here, but the author also addresses the broader issues such as the true effectiveness of the air war, what role the Vietnam War played in Desert Shield/Desert Storm ("For Norman Schwarzkopf and his lieutenants, this war lasted not six weeks but twenty years"), and passes judgment on the reality-testing of the U.S. Army AirLand Battle doctrine. Photos. 75,000 first printing; first serial to the Washington Post; History Book Club main selection; author tour.

From Library Journal

This interesting account of the 1991 Persian Gulf War by a Pulitzer Prize-winning reporter features a number of original observations about the conduct of the war. For example, Atkinson discloses that the Bush administration allowed navy warships to fire cruise missiles covertly over Iran against Iraqi targets. Among his other disclosures are the use of napalm and fuel air explosives on Iraqi infantry positions and the suggestion by Air Force Brig. Gen. Buster Glosson to use small nuclear weapons against Iraqi targets. Atkinson is extremely critical of Gen. Norman Schwarzkopf's behavior. Although Schwarzkopf is credited with being an accomplished military strategist, he is portrayed as someone who abused and publicly denigrated his subordinates and who appeared to be in a near-constant state of rage. Recommended for general readers. Previewed in Prepub Alert, LJ 6/15/93.

From Kirkus Reviews

Exhaustive, albeit consistently absorbing, record of the 42-day Gulf War that offers fresh, often startling, perspectives on the planning and conduct of what the author characterizes as "a brilliant slaughter." Focusing almost entirely on military operations, Pulitzer-winning Washington Post correspondent Atkinson (*The Long Gray Line*, 1989) provides a chronological account of how the US-led coalition liberated Kuwait. In the course of doing so, he discloses that Stormin' Norman Schwarzkopf could be an imperious martinet given to volcanic rages that not only cowed subordinates but also disturbed superiors (including Defense Secretary Richard Cheney), who considered relieving him. The author also includes new details on, among other matters, how Washington persuaded Israel to eschew retaliation for Scud strikes; the aerial assault on Baghdad's Al Firdes bunker (which killed over 200 civilians and led to restrictions on strategic bombing); the hit-or-miss efforts of allied navies to clear mines from important waterways; disputes between intelligence agencies as to damage assessments; secret routes flown by US missiles on their way to enemy targets; the command decision to halt a rout short of annihilation; and the post-ceasefire action that decimated a fleeing Republican Guard division. Atkinson's episodic narrative also affords a coherent log of the successful air/sea/land campaign to oust Saddam from Kuwait. He recounts the contributions of the hang-loose French and British contingents, and unobtrusively puts crucial Gulf engagements in clearer context with allusions to

feats of arms from the distant and recent past. Nor does Atkinson fail to point out that the professionalism displayed in achieving a deliberately limited triumph at a modest cost in casualties all but erased the stigma left by US involvement in Vietnam. Military history of a very high order. (Photos and maps--not seen) (First printing of 75,000; first serial to The Washington Post; Main Selection of the History Book Club) --
