Dark Companions By Ramsey Campbell

A brilliant collection of stories by one of the masters of horror.

Not all companions are friendly. There are many that you most definitely do not want to see. When Elaine was working late at the office, she thought she was all alone. But something sinister was in the elevator shaft...working its way to her floor. Miles, too, thought he was alone in his new house, the house of a murderer, but he, too, had an unwanted companion. And Knox will never forget what was waiting for him in the dense fog.

Come and meet all of these companions and more in this chilling collection of horror tales by award-winning master of terror Ramsey Campbell. That clawing sound you hear, the haunting singing, the moving shadow—they all mean that something is waiting to make your acquaintance.

Contains “The Companion”, the story Stephen King called “one of the three finest horror stories I have ever read”.

This book has been previously published.
