Editorial Review

From School Library Journal

Gr 7 Up—Giving further voice to Four (Tobias Eaton), this collection of seven short stories provides the backstory of the "Divergent" trilogy and will be a hot commodity thanks to the success of the film *Divergent*. Fans of the novels are given access to the thoughts and emotions of one of their favorite characters, while also learning more details about secondary characters like Eric, Zeke, and Shauna. Listeners will better understand how Tobias was raised by a tyrannical father and an absent mother and how joining Dauntless was a life-changing decision that catapulted Tobias from a fearful and withdrawn boy to become Four, a strong and confident leader. Two years pass within this collection, from the first story of Four's initiation into Dauntless until he meets Tris in the final stories. Narrator Aaron Stanford provides a serious and strong voice, which captivates listeners. An excellent addition to existing "Divergent" collections.—Suzanne Dix, The Seven Hills School, Cincinnati, OH

Review

“Fans of *Divergent* who can’t get enough—and maybe even the rare reader who missed the first rush—will snap up this relatively stand-alone story collection told from the perspective of Tobias (aka Four).” (ALA Booklist)

“*Divergent* fans will thoroughly enjoy this extra bit of backstory, which is filled with names and places that became beloved in Roth’s bestselling trilogy. Roth’s storytelling retains the same mix of tension, uncertainty, and hope that made the original stories irresistible.” (Publishers Weekly)

From the Back Cover

Two years before Beatrice Prior made her choice, the sixteen-year-old son of Abnegation's faction leader did the same. Tobias's transfer to Dauntless is a chance to begin again. Here, he will not be called the name his parents gave him. Here, he will not let fear turn him into a cowering child.

Newly christened "Four," he discovers during initiation that he will succeed in Dauntless. Initiation is only the beginning, though; Four must claim his place in the Dauntless hierarchy. His decisions will affect future initiates as well as uncover secrets that could threaten his own future—and the future of the entire faction system.

Two years later, Four is poised to take action, but the course is still unclear. The first new initiate who jumps into the net might change all that. With her, the way to righting their world might become clear. With her, it might become possible to be Tobias once again.

From #1 *New York Times* bestselling author Veronica Roth comes a companion volume to the worldwide bestselling *Divergent* series, told from the per-spective of the immensely popular character Tobias. The four pieces included here—*The Transfer*, *The Initiate*, *The Son*, and *The Traitor*—plus three additional exclusive scenes, give readers an electrifying glimpse into the history and heart of Tobias, and set the stage for the epic saga of the *Divergent* trilogy.
