## Editorial Review

From Library Journal

Riding the Bullet was originally published in March 2000 exclusively as an e-book and has now found its way to print and audio. It's a classic King ghost story/urban legend about a college student who hitchhikes across Maine to visit his hospitalized mother and gets more than he bargains for during his rides. Film and theater actor Josh Hamilton provides an excellent reading, with a promising command of pace and characterization. However, for many libraries, the economics of buying an audio version of a single, extremely short story may be questionable. Recommended with that reservation only.

Riding the Bullet, the tale of a terrible encounter near a lonely graveyard, is, as the narrator points out, the kind of ghost story told around campfires. It's no surprise that no one tells such a story as well as Stephen King. From the moment Alan, a college student, decides to hitchhike to see his mother in the hospital (his car is out of action) and further decides to avoid the main highway where police might ticket him, you can imagine what's coming, and this makes what does come more awful and delicious. Josh Hamilton can't do a Maine accent (as who can not born to it?), so it's too bad he tried; everything else about this reading is delightful.
