Sharing Nature with Children, 20th Anniversary Edition By Joseph Cornell

As Joseph Cornell's classic book reached its 20th anniversary, Cornell drew upon a wealth of experience in nature education to significantly revise and expand his book. New nature games—favorites from the field—and Cornell's typically insightful commentary makes the second edition of this special classic even more valuable to nature lovers world-wide. The Sharing Nature movement that Cornell pioneered has now expanded to countries all over the globe. Recommended by Boy Scouts of America, American Camping Association, National Audubon Society and many others.

Editorial Review

Review

. . . deserves wider attention than it has yet received. . . an effective tool for creating a greater awareness and enthusiasm for the beauty of nature. --*Today's Librarian, July 1999*

About the Author

Joseph W. Cornell is a principal of High Yield Analytics, Inc., a Chicago based investment boutique that caters to institutional investors. He is a well-known authority on spin-off investing strategies. Cornell holds a B.B.A. and MBA from Loyola University of Chicago.

Users Review

From reader reviews:

Sara Otoole:

Now a day folks who Living in the era wherever everything reachable by talk with the internet and the resources in it can be true or not call for people to be aware of each information they get. How individuals to be smart in acquiring any information nowadays? Of course the reply is reading a book. Reading through a book can help individuals out of this uncertainty Information particularly this Sharing Nature with Children, 20th Anniversary Edition book because this book offers you rich info and knowledge. Of course the information in this book hundred per-cent guarantees there is no doubt in it as you know.

Marco Roy:

Your reading 6th sense will not betray a person, why because this Sharing Nature with Children, 20th Anniversary Edition book written by well-known writer who really knows well how to make book that can be understand by anyone who have read the book. Written with good manner for you, still dripping wet every ideas and creating skill only for eliminate your own hunger then you still doubt Sharing Nature with Children, 20th Anniversary Edition as good book not only by the cover but also by content. This is one publication that can break don't assess book by its protect, so do you still needing another sixth sense to pick that!? Oh come on your reading sixth sense already alerted you so why you have to listening to yet another sixth sense.

Mary Craine:

Reading a book being new life style in this season; every people loves to read a book. When you examine a book you can get a wide range of benefit. When you read publications, you can improve your knowledge, due to the fact book has a lot of information upon it. The information that you will get depend on what sorts of book that you have read. If you want to get information about your examine, you can read education books, but if you want to entertain yourself you can read a fiction books, this sort of us novel, comics, in addition to soon. The Sharing Nature with Children, 20th Anniversary Edition will give you new experience

in reading a book.

Richard McCormick:

As a college student exactly feel bored to reading. If their teacher asked them to go to the library or to make summary for some book, they are complained. Just minor students that has reading's heart or real their interest. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful images on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Sharing Nature with Children, 20th Anniversary Edition can make you experience more interested to read.
