### Greek Waters Pilot By Rod Heikell

Greek Waters Pilot is the definitive cruising guide to the coasts and islands of Greece. It covers the entire area from the Ionian Islands to the Aegean, Rhodes and Crete and includes details of over 450 harbors in a single volume. Greek Waters Pilot has been painstakingly compiled from the author's own survey work and the latest first-hand information. Although much of the new material affects the Ionian and southeastern Aegean, this new edition contains detailed updating of every part of the guide. The redrawn and amended plans and new photographs, many of which have been taken from the air, complement the revisions in the text, refreshing this work which is now in its eleventh edition. The organization of so much detail within the confines of a single volume is an impressive achievement and has been the basis of Greek Waters Pilot's status as the indispensable guide for anyone sailing around Greece.
