Editorial Review

Review

more than a dictionary...magnificent illustrated reference work...with a thoroughly browsable CD and up-to-date information and terminology...a treasure -- *SirReadaLot, Feb. 2005*

2,400 illustrations illuminate every aspect of aviation THE CORNERSTONE OF ANY AVIATION LIBRARY More than a dictionary -- though it certainly offers all a dictionary can -- this magnificent illustrated reference work will be the centerpiece and foundation of many aviation collections. Seven years in the making, the carefully wrought handiwork of a military air leader and a dedicated writer, *Illustrated Dictionary of Aviation* is virtually a visual mini-encyclopedia of aviation and all its aspects.

ENCOMPASSING ALL OF AVIATION

Spanning general aviation, commercial airline operations, the military sector, and far more -- airports to meteorology, avionics, aviation medicine, and beyond -- this thoroughly browsable *Illustrated Dictionary of Aviation* is as much learning tool as dictionary and an almost bottomless source of information and diversion. It is a treasure that anyone involved in or interested in aviation will be thrilled to own. **Inside:**

Aviation, A-to-Z

Find definitions covering all these areas, and more:

Much more About the Author

Air Marshall Bharat Kumar (Retired) is a former Commander-in-Chief of the Southern Air Command of the Indian Air Force. After his retirement in 1997, he settled down in New Delhi, India. Dale DeRemer, Ph.D., is a Gold Seal Flight Instructor and an ATP pilot with more than 20,000 flight hours. Dr. DeRemer was "Seaplane Pilot of the Year" in 1998 and is a Professor Emeritus of Aviation at the University of North Dakota. He lives in Grand Forks, North Dakota. **Douglas M. Marshall, JD**, is an Assistant Professor and Director of the Aviation Masters Program at the University of North Dakota's John D. Odegard School of Aerospace Sciences. He teaches airline operations and management, aerospace law, aviation economics, and

other courses to both undergraduate and graduate students. Users Review **From reader reviews:**

Robert Penrose: What do you in relation to book? It is not important together with you? Or just adding material when you require something to explain what the one you have problem? How about your free time? Or are you busy person? If you don't have spare time to do others business, it is gives you the sense of being bored faster. And you have time? What did you do? Everyone has many questions above. The doctor has to answer that question because just their can do in which. It said that about publication. Book is familiar in each person. Yes, it is proper. Because start from on guardería until university need that An Illustrated Dictionary of Aviation to read.

Alice Myers: Do you among people who can't read enjoyable if the sentence chained within the straightway, hold on guys this kind of aren't like that. This An Illustrated Dictionary of Aviation book is readable by simply you who hate the perfect word style. You will find the information here are arrange for enjoyable reading through experience without leaving perhaps decrease the knowledge that want to deliver to you. The writer associated with An Illustrated Dictionary of Aviation content conveys the idea easily to understand by most people. The printed and e-book are not different in the content but it just different available as it. So , do you still thinking An Illustrated Dictionary of Aviation is not loveable to be your top list reading book?

David George: People live in this new day time of lifestyle always aim to and must have the extra time or they will get wide range of stress from both day to day life and work. So , whenever we ask do people have spare time, we will say absolutely yes. People is human not really a robot. Then we consult again, what kind of activity have you got when the spare time coming to a person of course your answer will probably unlimited right. Then ever try this one, reading books. It can be your alternative throughout spending your spare time, typically the book you have read is actually An Illustrated Dictionary of Aviation.

Maxine Whitley: An Illustrated Dictionary of Aviation can be one of your nice books that are good idea. We all recommend that straight away because this reserve has good vocabulary that could increase your knowledge in language, easy to understand, bit entertaining but nonetheless delivering the information. The writer giving his/her effort that will put every word into delight arrangement in writing An Illustrated Dictionary of Aviation yet doesn't forget the main point, giving the reader the hottest along with based confirm resource details that maybe you can be one of it. This great information can certainly drawn you into new stage of crucial thinking.
