### Discovering Qualitative Methods: Ethnography, Interviews, Documents, and Images, 3rd Edition By Carol A. B. Warren, Tracy Xavia Karner

In *Discovering Qualitative Methods*, Third Edition, researchers Carol A. B. Warren and Tracy Xavia Karner emphasize the process of social research--from the initial idea to the final paper, journal article, or scholarly monograph. Establishing the theoretical underpinnings and applications of qualitative research, the authors offer comprehensive yet straightforward coverage that includes the major types of qualitative analysis: field research or ethnography, interviews, documents, and images. They also discuss the historical background and evolution of research practices, in turn teaching students how to generate and develop their own rigorous practices. A thorough, versatile text, *Discovering Qualitative Methods*, Third Edition, is ideal for undergraduate and graduate courses in qualitative methods and general research methods. It is also appropriate for qualitative methods courses in other social science disciplines including anthropology, business, communications, education, journalism, and social work.

### Editorial Review

#### Review

"The authors' writing style is accessible and straightforward. This is one of the best books currently available for engaging sociology students in the process of doing qualitative research. It has served me well."--Peter Grahame, *Pennsylvania State University*

"*Discovering Qualitative Methods* is far more thorough than texts that I have used in the past. It gives students a broader exposure to issues in research methods and enables them to use their sociological imaginations to devise their own specific research questions. The authors really break down the key issues in research methods. They provide a 'map' for actually doing real research. This is absolutely invaluable. I would definitely adopt a new edition of this book."--Dana M. Greene, *University of North Carolina*

"*Discovering Qualitative Methods* uses an ethnographic lens through which to portray and induct students into qualitative research. The authors do a great job of covering the important topics related to the subject. I have been describing this book to colleagues as a delightful read. The basic everyday aspects of doing research are laid out in a plain and straightforward way for students."--Raewyn Bassett, *Dalhousie University*

#### About the Author

**Carol A. B. Warren** is Professor Emerita of Sociology at the University of Kansas.

**Tracy Xavia Karner** is Associate Professor of Sociology at the University of Houston.

### Users Review

#### From reader reviews:

#### **Sophia Myers:**

What do you think of book? It is just for students since they're still students or the idea for all people in the world, what the best subject for that? Just you can be answered for that concern above. Every person has various personality and hobby for each other. Don't to be forced someone or something that they don't want do that. You must know how great in addition to important the book *Discovering Qualitative Methods: Ethnography, Interviews, Documents, and Images, 3rd Edition*. All type of book is it possible to see on many solutions. You can look for the internet methods or other social media.

**Paul England:**

Nowadays reading books be than want or need but also work as a life style. This reading practice give you lot of advantages. Associate programs you got of course the knowledge the particular information inside the book that will improve your knowledge and information. The info you get based on what kind of book you read, if you want drive more knowledge just go with schooling books but if you want truly feel happy read one having theme for entertaining including comic or novel. Typically the *Discovering Qualitative Methods: Ethnography, Interviews, Documents, and Images, 3rd Edition* is kind of reserve which is giving the reader unpredictable experience.

**Mary Moore:**

Reading a publication tends to be new life style on this era globalization. With reading through you can get a lot of information that will give you benefit in your life. Along with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire all their reader with their story as well as their experience. Not only situation that share in the publications. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors in this world always try to improve their expertise in writing, they also doing some study before they write for their book. One of them is this *Discovering Qualitative Methods: Ethnography, Interviews, Documents, and Images, 3rd Edition*.

**Jessica Duncan:**

Would you one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Try to pick one book that you never know the inside because don't evaluate book by its deal with may doesn't work here is difficult job because you are frightened that the inside maybe not because fantastic as in the outside look likes. Maybe you answer is usually *Discovering Qualitative Methods: Ethnography, Interviews, Documents, and Images, 3rd Edition* why because the amazing cover that make you consider with regards to the content will not disappoint you. The inside or content is definitely fantastic as the outside or maybe cover. Your reading 6th sense will directly show you to pick up this book.
