## **Rework** By Jason Fried, David Heinemeier Hansson

Most business books give you the same old advice: Write a business plan, study the competition, seek investors, yadda yadda. If you're looking for a book like that, put this one back on the shelf.

*Rework* shows you a better, faster, easier way to succeed in business. Read it and you'll know why plans are actually harmful, why you don't need outside investors, and why you're better off ignoring the competition. The truth is, you need less than you think. You don't need to be a workaholic. You don't need to staff up. You don't need to waste time on paperwork or meetings. You don't even need an office. Those are all just excuses.

What you really need to do is stop talking and start working. This book shows you the way. You'll learn how to be more productive, how to get exposure without breaking the bank, and tons more counterintuitive ideas that will inspire and provoke you.

With its straightforward language and easy-is-better approach, *Rework* is the perfect playbook for anyone who's ever dreamed of doing it on their own. Hardcore entrepreneurs, small-business owners, people stuck in day jobs they hate, victims of "downsizing," and artists who don't want to starve anymore will all find valuable guidance in these pages.

*From the Hardcover edition.*

This book will make you uncomfortable.

Depending on what you do all day, it might make you extremely uncomfortable.

That's a very good thing, because you deserve it. We all do.

Jason and David have broken all the rules and won. Again and again they've demonstrated that the regular way isn't necessarily the right way. They just don't say it, they do it. And they do it better than just about anyone has any right to expect.

This book is short, fast, sharp and ready to make a difference. It takes no prisoners, spares no quarter, and gives you no place to hide, all at the same time.

There, my review is almost as long as the first chapter of the book. I can't imagine what possible excuse you can dream up for not buying this book for every single person you work with, right now.

Stop reading the review. Buy the book.--*Seth Godin*
