**The Silver Hand: Book Two in The Song of Albion Trilogy** By Stephen R. Lawhead

The great king, Meldryn Mawr, is dead, and his kingdom lies in ruins. Treachery and brutality rule the land, and Albion is the scene of an epic struggle for the throne. Lewis Gillies returns as Llew, seeking the true meaning behind a mysterious prophecy--the making of a true king and the revealing of a long awaited champion: Silver Hand.

The ancient Celts admitted no separation between this world and the Otherworld: the two were delicately interwoven, each dependent on the other. *The Silver Hand* crosses the thin places between this world and that, as Lewis Gillies seeks to learn the secret of the prophecy of *The Silver Hand*--and to save Albion before it is too late.

### **Editorial Review**

From Publishers Weekly

This charming second volume in the Song of Albion series follows an exiled bard and a sojourning Oxford student as they flee a malevolent despot and build a city of refuge for the oppressed.

From Kirkus Reviews

Book two of Lawhead's Song of Albion trilogy (following *The Paradise War*). Once again, the most appealing feature is Lawhead's respectful reworking of Celtic source material; much less convincing are his plotting and motivations, not to mention a distracting narrative switch. Now, after new narrator and bard Tegid crowns warrior Llew (the previous narrator, originally from our world), the evil Meldron usurps the kingship by striking off Llew's right hand (the king, you see, must be unblemished) and blinds Tegid. Soon, all Llogres falls to Meldron's warriors; then he invades the Isle of the White Rock to slaughter Albion's bards- -they wave their staffs but otherwise offer no resistance; then he attacks and, with ridiculous ease, defeats the warrior training- school on the Isle of Sci. Llew and Tegid flee to Caledon, where they found Dinas Dwr, a city in a lake, to stand against Meldron's hordes. Soon the poison blight foreseen by the dead bards engulfs the land; eventually Meldron shows up and defeats Llew's forces; but Llew, now condemned to die, instead acquires a magical silver hand, overthrows Meldron, accepts the kingship, and recaptures the vital Singing Stones that sustain the good powers of Albion. Agreeable Celtic lore distended by much huffing and puffing, and by magical events whose explanations (if any) must be taken on faith. A slack and uneven installment. -- *Copyright ©1992, Kirkus Associates, LP. All rights reserved.*

Review

Stuart Langton reads with a poetic voice well suited to a storytelling bard. --AudioFile

Lawhead invests his often poetic vision of a Celtic land living by ancient laws with charm and dignity. -- Publishers Weekly

An epic struggle between Light and Darkness. . . well paced, exciting, and well researched. --Forbidden Planet
