"I read this book from cover to cover and found myself never wanting to put it down. Amy Shojai is a brilliant author, blogger, pet behaviorist, etc. In this book and with her many years of experience she covers every imaginable subject concerning cats and explains them in such a way that anyone can understand them. I can honestly say that after decades of owning cats she explains things more concise and in greater detail than any veterinarian my cats have ever seen. From the Author

Hey there, thanks for finding me on Author Central--and it appears we have "pet love" in common! We share our "cat love."

They say cats have nine lives--and so **CAT FACTS** covers all the feline must-knows from kitten-hood through golden oldie years. Today, cat lovers want information at their fingertips, and so the A-to-Z format, complete with quick tips guides and notes for homecare vs holistic to 1st aid are included. You'll find behavior information, too, all of the content based on my own experience and interviews with several hundred veterinarians and cat professions.

I currently live with a 20-year-old Siamese wannabe, and a 2-year-old silver shaded tabby delinquent who together keep my 9-year-old German Shepherd comedian dog in line. **CAT FACTS** was written to be all-encompassing, and the only book you'll need for your cat family.
