## **Exploring the Deep: The Titanic Expeditions** By James Cameron

Having undertaken more than thirty dives to the wreck of Titanic, acclaimed director James Cameron has probably gained more firsthand insight into the sinking of the ship than any person alive today. Now, more than one hundred years after the tragedy, *Exploring the Deep* provides a thrilling account of his remarkable expeditions and the incredible technological innovations that made them possible. Capturing all the excitement, danger, and wonder of these pioneering expeditions, *Exploring the Deep* also examines the legacy of Cameron's explorations and the considerable impact they have made on our understanding of the disaster. Showcasing a treasure trove of never-before-seen images captured inside previously unreachable areas of the wreck, is a dazzling visual chronicle of Cameron's expeditions that will enthrall experts and casual readers alike. Also featuring Cameron's exclusive dive journal and previously unpublished visual elements, including dive maps and personal photographs, this book is an emotional and evocative examination of the wreck from one of the most exciting figures in both filmmaking and exploration. Bolstered by contributors from three of the world's foremost Titanic experts, Don Lynch, Ken Marschall, and Parks Stephenson, *Exploring the Deep* is the definitive book on Cameron's expeditions and the last word on a historical event that continues to shock and beguile.

## **Editorial Review**

### **About the Author**

James Cameron is an Oscar®-winning film director and celebrated explorer. The visionary behind record-setting blockbuster movies such as Titanic, Avatar, and Terminator 2: Judgment Day, Cameron's passion for diving and exploration has led him to embark on a number of trailblazing deep-sea expeditions, including more than thirty dives to Titanic. Cameron made history when he undertook the first ever solo dive to the Mariana Trench in 2012.
