Algebra and Trigonometry for College Readiness By john hornsby margaret l. lial

For students who have finished Algebra 2 but need an extra year of math to prepare for credit-bearing college-level courses. Algebra and Trigonometry for College Readiness has been designed to prepare today's students for college-level mathematics courses. Research suggests that when students place into credit-bearing math courses, drop-out rates decrease, and they are more successful in the workforce and beyond. Features and benefits of this program include: * Content created for students who need another year of math but are not ready for precalculus. * Traditional approach of skill-building and problem-solving practice, with many excellent applications included. * Abundant exercises provide ample opportunity for students to hone their skills. * Numerous features that enhance student learning.
