### **Editorial Review**

#### Review

For the student of astrology, Jeffrey Wolf Green outlines his specific methodology for natal chart interpretation that links Pluto to the moon's planetary nodes. This original and brilliant synthesis provides an easily accessible, yet profound way to understand how our past life selves affect our present day consciousness, as well as how to evolve beyond these past limiting patterns. This book includes not only a unique methodology that laid the cornerstone for Evolutionary Astrology, but also a comprehensive cosmology that will completely alter how you view your destiny. This is not a book to read, it is a book to osmose - slowly, deliberately, and consciously.
