Editorial Review

From the Back Cover

The Emergence of the Catholic Tradition is the history of this critical, troubled time. Pelikan focuses upon the subtle relation between what the faithful believed, what teachers--both orthodox and heretical--taught, and what the church confessed as dogma during its first six centuries of growth. In constructing his work, Pelikan has made use of exegetical and liturgical sources in addition to the usual polemical, apologetic, and systematic or speculative materials.

About the Author

Jaroslav Pelikan is Sterling Professor of History Emeritus at Yale University.

Users Review

From reader reviews:

Amanda Moberly:

Information is provisions for those to get better life, information these days can get by anyone in everywhere. The information can be a know-how or any news even a huge concern.
